CRESTLINE®

WORLD CLASS AMBULANCES

New Era

Lightweight compact ambulance offers easy manoeuvrability on crowded city streets.

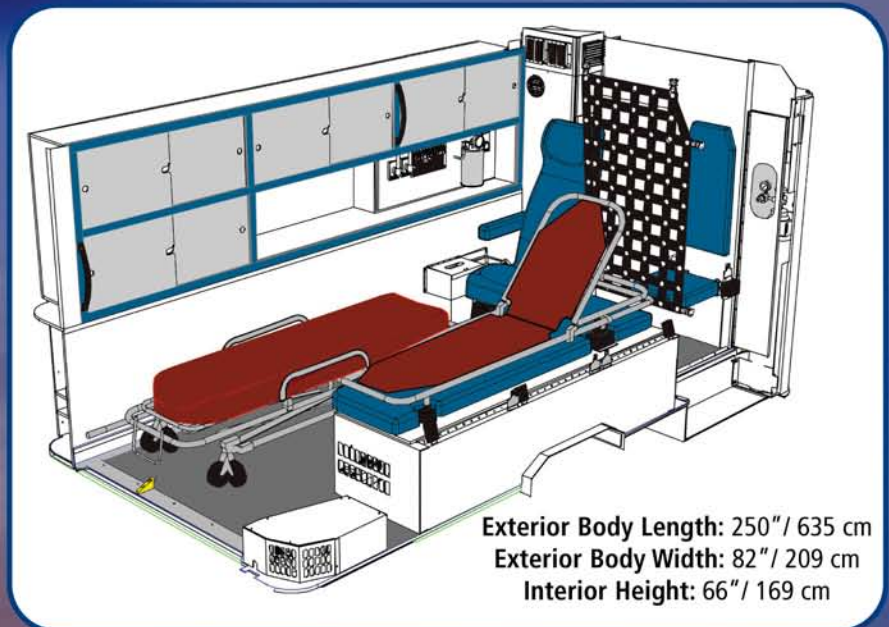

Optional dual cot floor plan provides comfort for both patients and doubles your revenue potential.

Huge cab area, seats recline, offering comfort for your medics.

Proven Reliability

When you invest in a Crestline New Era you don't just receive fine quality and innovative design – you receive peace of mind.

Computer-aided design and manufacturing, combined with professional engineering and safety testing, provide you with an ambulance of highest quality and reliability. And what's more, we have thirty years experience providing service support.
